**Your powerful partner for heavy loads and efficient working**

**Two devices in one: material hoist and transport platform**

**GEDA UNI-X-MAST system**

**Cost-efficient even at low transport heights**

**Automatic lubrication device as a standard**

## GEDA 500 Z/ZP

The GEDA 500 Z/ZP transport platform has been specifically designed for use in tough building site conditions and is extremely flexible. With two separate controls, it can be used simply as a material hoist or as a transport platform for passengers and materials.

A lifting speed of 24 m/min in material mode and 12 m/min in passenger mode ensures rapid construction progress.

The 500 Z/ZP transport platform is an indispensable aid for rapid assembly of scaffolding as well as for the subsequent work at the construction site. With minimal space requirements, high load capacity and various application options, the construction hoist saves time and ensures optimum logistics processes on site.

Every construction site has its own challenges. Different platform versions with different loading doors and flaps therefore allow optimum adaptation of the GEDA 500 Z/ZP to the requirements on site. The spacious loading platform without cover provides sufficient space for all types of construction materials.

## Technical data:

**500/850 kg**  
**5 persons**

**100 m**

**12/24 m/min**

**3.0/6.1 kW/400 V/  
50 Hz/16 A**

## Platform:

**GEDA 500 Z/ZP platform C**

2 loading ramps / 1 unloading ramp

**1000 kg  
load capacity  
also available!**

## Recommended landing level safety gates:

**Tarpaulin retrofit  
kit available!**

### Comfort

Art. No. 01212

### Comfort incl. sheet metal panel

Art. No. 68301
